By [TNM Staff](#) on October 11, 2018

Panorama Tower opened earlier this year in Brickell.

The 85-story tower stands 868 feet above ground, and is now the tallest building in Florida. It includes 821 rental apartments, a 208-room Hyatt Centric hotel, 100,000 square feet of office and 50,000 square feet of retail.

Here is a look at the interior of the residential area.
